FROM THE COURSE DIRECTORS

On behalf of the Board of Directors of the American Society of Interventional Pain Physicians (ASIPP), we would like to invite you to one of the most comprehensive and useful educational conferences available anywhere. The ASIPP 2015 Comprehensive Board Review Course in pain medicine and interventional pain management will be held at the **The Palmer House**, in Chicago, Illinois, during the week of July 19 - 23, 2015.

This year's review course has been expanded, revised, and updated. We have incorporated the complete revised version of the ABMS pain medicine subspecialty content outline.

This intensive and comprehensive high-quality review will prepare physicians appearing for the American Board of Medical Specialties (ABMS)—Subspecialty Pain Medicine examination and for the American Board of Interventional Pain Physicians (ABIPP)—Part 1 examination. Remember, some of these areas are not even taught in medical school and training programs. In a dynamic world, with daily changing rules and regulations, it is essential to keep yourself updated.

- A five-day review covering anatomy, physiology, pharmacology, psychology, ethics, interventional techniques, non-interventional techniques, controlled substances and practice management
- 42 unique lectures by experts in the field
- Participants can earn up to 36.75 *AMA PRA Category 1 Credits*[™]
- Extensive educational materials

In addition to the review course, on Friday, July 24th, the American Board of Interventional Pain Physicians offers the opportunity for examination in order for physicians to complete requirements for ABIPP Part 1.

We hope you will join us in exciting Chicago, Illinois, for this biennial educational event. Whether you have practiced pain medicine or interventional pain management for years, if you are new to the discipline, or if you are in training—the ever-changing field of medicine, practice management, and rules and regulations associated with these specialties makes this an essential course for you.

Sincerely,

Laxmaiah Manchikanti, MD, CEO and Chairman of the Board, ASIPP

Statement of Need

This five-day intensive Review Course in pain medicine and interventional pain management is planned as a CME activity to prepare physicians seeking board certification, re-certification, or an in-depth review of the specialty of interventional pain medicine. This review course will be based on the specifications of subspecialty in pain medicine examination of The American Board of Anesthesiology, Physical Medicine and Rehabilitation, and Neurology and Psychiatry. This review course will also meet 90% of the curriculum of ABIPP Part 1.

As part of this comprehensive, in-depth, intense five-day review course in pain medicine and interventional pain management, we will provide you with the following:

1. Syllabus with outlines of the lectures.
2. ASIPP Board Review Book Series at 50% off.

Registration fees include all sessions, continental breakfasts, lunch, coffee breaks, and syllabus. Registration will be on a first come, first serve basis. Organizers reserve the right to alter the schedule based on the number of attendees and speakers, etc.

Features

The 2015 Comprehensive Pain Medicine and Interventional Pain Management Board Review Course includes five full days with an expanded curriculum designed to prepare physicians for the ABIPP Part 1 Certification Exam and ABMS Pain Medicine Certification or Re-certification. The Review Course also provides a comprehensive review of interventional pain management for practitioners and fellows.

- Comprehensive Review of ABMS Pain Medicine Curriculum
- Comprehensive Review of ABIPP Part 1
- Online access to Syllabus

Americans with Disabilities Act & Special Services

Organizers fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact the organizers at (270) 554-9412 at least 10 days prior to the conference.

Audience/Objective/Outcomes

This comprehensive review course is intended to present pain management specialists seeking board certification, re-certification, or an in-depth review of the specialty with an overview of the anatomy, physiology, diagnosis, and treatment of a wide range of painful disorders, in order for participants to pass certification or re-certification and obtain in-depth review;

and therefore be able to provide improved pain medicine and interventional pain management, controlled substance management, and practice management.

Accreditation Statement

This CME activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Institute for Medical Studies and the American Society of Interventional Pain Physicians (ASIPP). The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians.

ASIPP is now an ABA Registered CME Provider.

Category I Credit

The Institute for Medical Studies designates this live activity for a maximum of 36.75 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity. These hours include the Comprehensive Board Review Course ONLY.

Physicians of Osteopathic Medicine — the American Osteopathic Association (AOA) accepts *AMA PRA Category 1 Credits™* as AOA Category 2-B credit.

There is no commercial support for this activity.
